### Days, times and costs

Monday, October 20  
09:00 - 10:00

Tuesday, October 21  
09:00 - 10:00

Wednesday, October 22  
09:00 - 10:00

The cost is €40 for the 3-day crash course. This does not include admission to the ice rink or any skate rentals.

Individual FAST course days are €16 per day.

### What does the FAST course for youth figure skating entail?

Many members are skating at KSV Haarlem this winter for fantastic, fun figure skating lessons. The accelerated course is an extension of these lessons, but more intensive, with multiple sessions per week to help you progress even faster. The groups are also very small for optimal progress.

Ideal for members who already have figure skating lessons but want to take it a step further or for newcomers who want to get acquainted with figure skating.
